INFORMATION DISCLOSURE STATEMENT

S I R :

This Information Disclosure Statement is being filed pursuant to the duty of disclosure, candor, and good faith embodied in 37 C.F.R. §§ 1.56 and 1.97 owed by the inventor, the inventor's assignee substantively involved in the application, and the patent attorney to the United States Patent and Trademark Office.

Applicant herewith submits patent(s), publication(s), and/or information of which Applicant is aware that may be material to the examination of this application.

To supplement that which was previously filed, it is noted for the record that the

Webchat screen image filed on 18 January 2005 comes from operation of the code filed 26 January 2005. Additionally, with regard to the G-Talk information provided in that IDS and 1449 filed 18 January 2005, it is presently believed that certain versions of G-Talk were used with the Internet as a link in the chain of communication, but that G-Talk could not send a user message with a respective video, graphic, or pointer-triggered message. The enclosed CDs provide code versions of G-Talk readable with work pad and Windows unzip or 7-zip.

In those cases from which the instant case claims priority, Applicant has previously submitted patents, publications, and/or other information of which the inventor is aware to help make this information of record. The Examiner is reminded to check those files for such materials. Additionally, the Examiner is reminded to check for patents and patent applications that cite to the parent patent 5,956,491.

While the Information Disclosure Statement, publications, and other information provided by Applicant may be "prior art" or "material" pursuant to 37 C.F.R. § 1.56, it is not intended that these constitute an admission of "prior art" or materiality for this invention. This Information Disclosure Statement shall not be construed to mean that no other material information, as defined in 37 C.F.R. § 1.56, exists.

Should any fees be deemed necessary, the Commissioner is authorized to charge any deficiency or to credit any over payment to Deposit Account No. 50-0235.

Respectfully submitted,

Date:

March 21, 2005
